STRONGER TOGETHER. GROWING TOGETHER.

Dear Credit Union Friends,

We are very pleased to invite you to attend the Asian Credit Union Forum Theme: Making Positive Impact on the Lives of People through Ethical Cohesion for Financial Stability, Good Governance and Inclusivity of Asian Credit Union Networks in Kuala Lumpur, Malaysia. After 8 years, our hosts – the Association of Cooperative Credit Unions (ACCUM) and the Worker's Cooperative Credit Society Ltd. (KKP) have waited for this great opportunity to extend their utmost hospitality and friendship. Our theme has three main breakout sessions tracks:

- **Financial Stability:** the track leads to the discussion of the fiduciary duty of the Board in ensuring the financial stability of the credit unions and the credit union network. It will also focus on the measurement of the member's economic upliftment as impact of the services the credit unions provide. The session encourages credit union networks to seriously advance policies that boost the levels of social impact in order to contribute globally to the improvement of society.
- **Good Governance:** The question of "how to improve governance?" is, of course, the most pressing from a policy perspective. For the first time, the forum would objectively share known cases on governance failures and subsequently learn lessons from these occurrences. The track would discuss the good governance soft facts (behavior and culture) and will be capped by the

introduction of the governance quality assurance tool.

- **Inclusivity:** is a moral responsibility of credit unions to give a diverse voices platform for the community they operate. Inclusivity is the accessibility of the services of credit unions by a broad range of population irrespective of any differences without the need to specially adapt them. In this track, we intend to review the outreach of credit unions on the poor, women and youth.

All in all, attending our forum presents a great value and an excellent opportunity to meet experts and learn about the latest development in the credit union movement.

We also encourage you to discover what Kuala Lumpur offers. The catchy tourism slogan 'Malaysia, Truly Asia' continues to ring true as this country really is a potpourri of Asian cultures. Make this conference is a fantastic and memorable event.
